

November 5, 2009

Dear Community Summit attendees,

December 4th and 5th, 2009 are pivotal moments in Hampton Roads history. You are invited to be a part of it. We will be featuring workshops where you will learn about history, culture and more about who you are as a Filipino American. You will also be meeting many new people or perhaps reuniting with people you haven't seen in a long time. This summit is about you and me. We need to know who this community is so we can work together.

The Hampton Roads community has had Youth Summit gatherings consisting of workshops, dialogue and expression for primarily Filipino American youth in the high school. The Filipino American National Historical Society of Hampton Roads (FANHS-HR) coordinated these programs. To move with the changing community and times, FAYA, Filipino American Youth Alliance, a youth coalition, wants to create an intergenerational Community Summit involving elders, young professionals, college, high school and middle school students to create dialogue and commitment to the community.

We look forward to see you during the Community Summit but you are also invited to a night of fun the night before. You can dress up in your 1980's gear and come prepared to get schooled on how to dance like in the 80's. The second generation of Filipino Americans that grew up in Hampton Roads during the 1980s and early 1990s did not have Community Summits or Youth Summits. They had their own gatherings and December 4th is a move towards reuniting all of the breakdancers, traditional dancers and those still young at heart.

Thank you for your support and we are all excited to move forward to make history!

Sige (let's go!),

FAYA, The Filipino American Youth Alliance,

in Collaboration with Community Partners
